To search within a single database, click the database name listed below. To select more than one database to search, check the boxes next to the databases and click *Continue*.

 Select / deselect all

 [Academic Search Premier](#)

This multi-disciplinary database provides full text for more than 4,600 journals, including full text for nearly 3,900 peer-reviewed titles. PDF backfiles to 1975 or further are available for well over one hundred journals, and searchable cited references are provided for more than 1,000 titles.

Trial Databases

Contact your librarian to give feedback on the trial databases.

 [Research Starters - Sociology](#)
 [Business Source Premier](#)

Business Source Premier is the industry's most used business research database, providing full text for more than 2,300 journals, including full text for more than 1,100 peer-reviewed titles. This database provides full text back to 1886, and searchable cited references back to 1998. *Business Source Premier* is superior to the competition in full text coverage in all disciplines of business, including marketing, management, MIS, POM, accounting, finance and economics. This database is updated daily on EBSCOhost.

 [ERIC](#)

ERIC, the Education Resource Information Center, contains more than 1,300,000 records and links to more than 317,000 full-text documents dating back to 1966.

 [Health Source - Consumer Edition](#)

This database is the richest collection of consumer health information available to libraries worldwide, providing information on many health topics including the medical sciences, food sciences and nutrition, childcare, sports medicine and general health. *Health Source: Consumer Edition* provides access to nearly 80 full text, consumer health magazines.

 [Health Source: Nursing/Academic Edition](#)

This database provides nearly 550 scholarly full text journals focusing on many medical disciplines. *Health Source: Nursing/Academic Edition* also features the *Lexi-PAL Drug Guide*, which covers 1,300 generic drug patient education sheets with more than 4,700 brand names.

 [Library, Information Science & Technology Abstracts](#)

Library, Information Science & Technology Abstracts (LISTA) indexes more than 500 core journals, more than 50 priority journals, and 125 selective journals; plus books, research reports and proceedings. Subject coverage includes librarianship, classification, cataloging, bibliometrics, online information retrieval, information management and more. Coverage in the database extends back as far as the mid-1960s.

 [MasterFILE Premier](#)

Designed specifically for public libraries, this multidisciplinary database provides full text for nearly 1,700 general reference publications with full text information dating as far back as 1975. Covering virtually every subject area of general interest, *MasterFILE Premier* also contains full text for nearly 500 reference books and over 164,400 primary source documents, as well as an Image Collection of over 502,000 photos, maps & flags. This database is updated daily via EBSCOhost.

 [MEDLINE](#)

MEDLINE provides authoritative medical information on medicine, nursing, dentistry, veterinary medicine, the health care system, pre-clinical sciences, and much more. Created by the National Library of Medicine, *MEDLINE* uses MeSH (Medical Subject Headings) indexing with tree, tree hierarchy, subheadings and explosion capabilities to search citations from over 4,800 current biomedical journals.

JSTOR

JSTOR

Koordinator projekta: JSTOR

iz akademske institucije	udaljeni pristup
(podešavanje Proxy servera)	(o pristupu 'od kuće')

Brzo pretraživanje

Najbrži pristup servisu iz akademske institucije. Ukoliko pretražujete izvan akademske mreže servis će Vas prepoznati kao "guest user", te Vam neće biti dostupni puni tekstovi. U tom slučaju koristite opciju udaljeni pristup.

Pretraživanje

O servisu

Poznati agregator naučnih informacija JSTOR omogućava puni pristup časopisima velikog broja svetski priznatih izdavača. Preko ovog servisa dostupno je oko 1200 časopisa iz svih oblasti nauke. Arhiva časopisa obuhvata radove od početne godine objavljivanja do nekoliko godina unazad (3-10 godina).

Prilikom pristupa punom tekstu, proverite da li su Vam odblokirani Pop-up-ovi, jer u suprotnom PDF neće moći da se otvori.

Video uputstvo o pretraživanju JSTOR-a (na engleskom) možete pogledati u [Flash-u](#) (6.2mb), [Windows Media](#) (7.2mb), [Quick Time](#) (5.9mb), [iPod](#) (5.9mb).

Fichte and the Jews: A Case of Tension between Civil Rights and Human Rights

Paul R. Sweet
Michigan State University

The stimulus for this reexamination of Fichte and the Jews comes from

Електронске књиге

- ✓ Електронске књиге су дигитализоване, виртуелизоване верзије књига које се могу читати преко рачунара или посебних уређаја – читача електронских књига.
- ✓ Многи програми и уређаји који се користе за приказивање садржаја електронских књига омогућавају читаоцу функционалност на коју је он навикао приликом читања књига штампаних на папиру: обележавање текста подвлачењем, дописивање коментара и обележавање страница.

Електронске књиге

Електронске књиге се најчешће презентују у PDF формату и могуће их је на рачунару читати помоћу апликације Acrobat Reader, а овај формат препознаје и већина читача електронских књига

Данас у свету постоје многобројни модели ових уређаја од којих се тренутно два издвајају својим квалитетом и распрострањеношћу: Sony eBook Reader и Amazon Kindle.

Оба уређаја нуде већ поменуте функције карактеристичне за већину читача електронских књига

За кориснике у Србији препоручујемо коришћење уређаја Amazon Kindle пошто се Србија налази у систему продаје везаном за овај уређај.

Електронске књиге

Електронске књиге могуће је читати и на таблет рачунарима и мобилним телефонима. Физичке димензије ових уређаја отварају нове просторе и нове временске периоде за читање.

Електронске књиге

Да би читање било ефикасно и продуктивно потребно је користити уређаје примерене датим околностима и окружењу. Читачи електронских књига са екранима на бази технологије електронског мастила (Amazon Kindle) погодни су за “дуго читање”, док су таблет рачунари предвиђени за “кратко читање”.

Kindle

- Књиге за читање на Киндлу (Kindle) купују се са Амазона, а предвиђено је да уређај може сачувати и до 3000 књига у једном тренутку.

Уз помоћ овог уређаја књиге се могу наручивати са било ког места, батерија може да траје и до месец дана, а за читање новина постоји посебан режим.

Омогућен је директан приступ Киндл продавници где могу да се купе и преузму књиге, часописи и новине. Амазон тврди да корисници могу да купе и почну да читају за мање од 60 секунди, што представља најбрже време преузимања које постоји код е-читача.

- Резултат сарадње између Киндла и Амазон Прајма (Amazon Prime) је могућност позајмљивања књига из библиотеке за власнике Киндл уређаја. На овај начин корисницима је омогућено да читају по једну књигу месечно.

Ebrary

eBrary

Izdavač: eBrary

iz akademske institucije	udaljeni pristup
iz akademske institucije, Novi Sad	
(podešavanje Proxy servera)	(o pristupu 'od kuće')

O servisu

Servis obuhvata preko 30.000 naslova knjiga iz svih oblasti nauke. Klikom na naslov knjige otvara se njen sadržaj u Quick view pogledu. Za punu funkcionalnost korišćenja teksta (kopiranje, štampanje, naglašavanje- highlight, dodavanje beleški) potrebno je instalirati ebrary Reader (jednostavnim klikom na dugmence Install u instalacionom prozoru). Servis omogućava kopiranje teksta u druge aplikacije uz automatsko citiranje i izbor stila citiranja (MLA, APA i dr.). Preporučuje se otvaranje ličnog naloga na ovom servisu (Create Your User Account) koji pruža niz pogodnosti: pravljenje sopstvene police knjiga, pamćenje obeleženog teksta i unetih komentara. Prilikom otvaranja naloga mora se prijaviti e-mail adresa otvorena na nekom od pretraživača (gmail.com, yahoo.com, hotmail.com). Takođe, otvaranje ličnog naloga i kompletna funkcionalnost omogućeni su isključivo preko Akademske računarske mreže. Za sada, ove opcije nije moguće koristiti preko "Udaljenog pristupa".

Nije dozvoljeno štampanje i kopiranje teksta cele knjiga, a broj stranica koje je moguće štampati i/ili kopirati u druge aplikacije je ograničen.

However, in these days, it might seem odd to characterize families with an adopted child as nontraditional. Yet adoptive families are relatively new in American probate history, and state inheritance laws are far from uniform in the rights they afford to adopted children and their adoptive and biological relatives. **A** Of course, some adoptive families are nontraditional by any standard. In a Minnesota case from the 1970s, Robert, a twenty-nine-year-old man, sought to adopt Maxine, his fifty-three-year-old mother. The state supreme court concluded that the state adoption statute authorized the adoption. Robert's mother would become his daughter following the

Adoption

At first blush, it might seem odd to characterize families with an adopted child as nontraditional. Yet adoptive families are relatively new in American probate history, and state inheritance laws are far from uniform in the rights they afford to adopted children and their adoptive and biological relatives. Of course, some adoptive families are nontraditional by any standard. In a Minnesota case from the 1970s, Robert, a twenty-nine-year-old man, sought to adopt Maxine, his fifty-three-year-old mother. The state supreme court concluded that the state adoption statute authorized the adoption. Robert's mother would become his daughter following the

6

Assisted Reproduction

In 1978 Louise Brown, the first child conceived outside a mother's womb, was born in Great Britain. Medical breakthrough? Ethical nightmare? Observers disagreed. Within a few years, however, in vitro fertilization (IVF) became an accepted part of fertility treatment. By the end of the twentieth century IVF and other reproductive technologies—

create families of our own. Most of us couple and marry and, like our parents, create children who have no say in the matter. Our children grow up and create families of their own. Along the journey, unexpected twists and turns arise. Today our families often fracture or blend with others, and we may have several different families during a lifetime.

Variations in family form have always existed, whether we define family in the older way by blood and marriage or in the modern way by love and commitment. Considering the multiple cultures, races, and religions in America, variation in family structure was and is inevitable. Moreover, many of our “new” family structures have roots in the past. Across the spectrum of history, mothers have often served as the sole providers and nurturers of their children. Divorce and non-marital birth may have been unusual before the late twentieth century, but they did occur long before that time. Unmarried cohabitation may also be more common today, but it is not a new phenomenon.
